

Pie Corbett's Poetry Spine

A core selection of the best poetry to share with your class

NEW

- Foster a love of poetry with the best children's anthologies, hand-picked by literacy expert Pie Corbett
- Increase familiarity and confidence with poems and rhymes for Nursery to Year 6
- Hints and tips to get the most out of teaching poetry are available online

“The Poetry Spine is designed to ensure that each term children become familiar with at least one key poet. A simple way to ensure poetry becomes a regular feature of the curriculum is to establish a 'poem of the day' system. After lunch, a new poem, or old favourite, is shared by the teacher, a child or a group performing. You can supplement this by listening to poets reading their work. Ensuring that children have poetry read to them on a regular basis over the years increases their familiarity with poetry's many possibilities.”

Pie Corbett, Literacy expert

Tips for teachers

Watch Pie Corbett's video for tips on how to bring poetry to life in the classroom. "Poems are experiences," says Pie. "Some poems are best explored through performance, dance, art or music, whilst others through writing or discussion."

Meet Pie Corbett

Pie Corbett is an educationalist, literacy expert and author, well known for his books on teaching creative writing, as well as many other books, schemes and anthologies.

As well as the new Poetry Spine, he created **Pie Corbett's Reading Spine** (page 69) and **Pie Corbett's Page-turners** (page 64) to help schools build a core selection of the very best books to read aloud with children. The teacher-favourite **Pie Corbett's Storyteller** series (page 76) rounds out the range, bringing traditional tales to life and transforming readers into storytellers.

Pie Corbett's Reading Spine

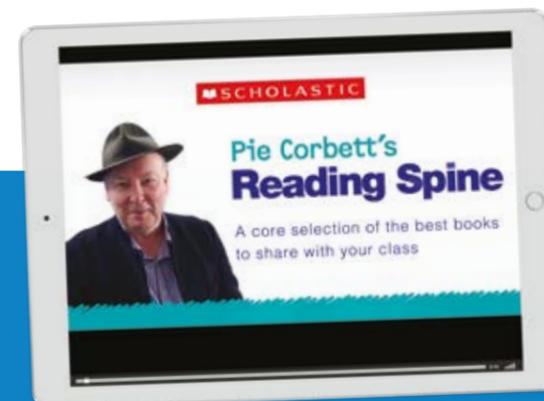

A core selection of the best books to share with your class

- Bring reading to life with a classic read aloud programme, selected by literacy expert Pie Corbett
- Deepen comprehension, teach drama and boost writing skills with the best-loved books for Nursery to Year 6
- Guidance and tips for every book are included in Pie Corbett's Reading Spine Teacher's Guide, with a free video online

“Imagine a primary school where, over seven or eight years, children are read to, enjoy, discuss and work with a core of around 80 books. These 'essential reads' would be a store of classics, creating a living library inside a child's mind. This is the 'reading spine'. Schools that have a reading spine build a common bank of stories that bind the community together. These are shared and deeply imagined common experiences.”

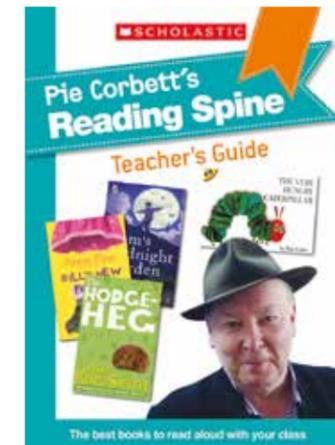

Pie Corbett, Literacy expert

Tips for Teachers

Pie Corbett's Teacher's Guide and videos provide invaluable support for teachers using the Reading Spine to teach comprehension, drama and writing.

"What would happen if we collected together a bank of traditional tales so that children became familiar with stories from European culture and cultures all around the world? They would build up a huge resource inside of themselves arising from many cultures. How much that would enrich them as human beings! This led me into the series of Storyteller."

Pie Corbett, Literacy expert
